

COFFIN DRUMMER VIDEO AUDITION 2022 PARANORMAL PERCUSSION

- **WHAT:** Audition for becoming a Coffin Drummer for Paranormal Percussion.

See link <https://youtu.be/wRZ4FPhlbpA>

- **REQUIREMENTS: (not all are mandatory)**

*Strong drummer skills are required.

*Drumline/DCI experience are a huge plus.

*Stage presence and attitude/intensity is required. You are drumming dressed as a serial killer.

You must be intense!

*Must be able to read or memorize music. You don't need to be proficient, but we don't have time to teach you.

*This role is physically demanding. You will be moving and weaving around a coffin while holding knives.

*Must be comfortable around knives. You will be using knives instead of drumsticks. They have been dulled but are still capable of hurting you.

*You do not need to own knives but it could be helpful for the audition video.

*You must be comfortable wearing and performing in a hockey mask and jumpsuit.

- **AUDITION SUGGESTIONS**

If you don't own any 7-12 inch knives then just use drumsticks.

Some of our best performers have little drum experience or formal musical training. Be a PERFORMER, not just a DRUMMER.

People listen with their eyes. If you look like you know what you are doing and you like you are having fun then the audience will believe it.

During your audition it is highly encouraged to show emotion, body movement, stick tricks, visuals, head banging, flashy arm movements, getting into the music, rocking out, jamming, grooving to the beat etc

THIS SHOW IS ABOUT ENTERTAINING THE CROWD! If you are not this type of performer, and some people just aren't, then please DO NOT SUBMIT YOUR AUDITION VIDEO.

- **AUDITION VIDEO**

Assuming you don't have a coffin, you can use any surface that gives you enough room to drum around on, like a table, desk, or kitchen counter.

Be sure to read the notes before some of the passages so you know the sounds and notation. But, where and how you strike the coffin/surface are not as important as the rhythm and feel.

Perform each passage with a metronome at the suggested tempo markings. It's fine if we can't hear the metronome in the video but you should perform with it in your ears using headphones or in-ears.

Pause between each passage or pause the video, and then begin the next passage.

• SUBMISSION

We recommended uploading your video to YouTube or another video platform and sending us the link.

Be sure to change your video sharing settings so that we do not need to request your permission to access the video.
